Jeannie

Well I've got a lot to write so I'll start now.

I'll start by saying that you really mean an awful lot to me, what means the most is the smile on your face that brightens my day. When you hold me in your arms there is no equal feeling because to me a kiss is a kiss but a hug shows you care. But this only means your kiss means that much more since ~~when~~ your tender lips have no equal. With these in your favor how can I let you go. Your strengh in God has already helped me to staiten up and put me on the right path so I'll go now with you on my mind for now; forever

Love always

WEST SIDE —

This year's Homecoming brought many activities. Each student participated with a lot of school spirit. To start off Homecoming Week, Stonewall had contests. One contest was door decorations. The winners were Mrs. Kight and Mrs. Fuller. The mini float contest was presented at the game and the Senior Student Council placed first, the chorus placed second, and the Forensics and Drama placed third. Before the game, everyone met in the alley behind the school, decorated their cars, and paraded uptown to Laidley Field. That really showed the "Wall Pride." To top it off — Stonewall trampled St. Albans with a score of 20-8. This big win set off the Homecoming perfectly.

PARENT'S NIGHT

At Stonewall we like to honor our parents. So, that's exactly what we did. At the Stonewall-Nitro football game, every parent of every football player, band member, majorette, and cheerleader was honored. Each parent was introduced and each mother was presented a carnation. We have many parents that help with activities and we don't even realize where all of the little things come from. This is just a small way that we, the students at S.J., can show our appreciation to the Parents who stay actively interested in the happenings at "The Wall."

THANKS FOR BEING A FRIEND

As I look in your eyes,
I see such beauty and peace,
A mind with no worries, nor pain,
You're always there when I need help.
I know I could never find a friend like you
And I would never try.
You helped me through the hardest time of my life
For which I can never repay you,
So, thanks, for being the best friend I have.

Mark Stevens

MEMORIES

Things may happen,
Good and bad.
Many are happy,
Some are sad.
But either way you look at them,
You hold the thoughts deep down within.

And when you part, the tears may come
Your heart may ache,
Your heart feels numb.
But after that time, the present is gone,
Although it doesn't seem very long.
The memories will be there, and never fade,
For memories given can never be taken away.

Kathy Fowler

WALLS

Cream-colored brick walls atop a hill graced with dogwood pink and white.
Cream-colored brick walls bleak and unadorned, but wantonly marked by idlers.
Interior walls in search of modernization and flight from drabness.
Interior walls painted blues and greens, encompassing rooms square and utilitarian.
Walls. Exterior. Interior. Of such is the skeleton of any school anywhere.
What are their reasons for being?

There's you.
There's me.
There's us.

S.J. Counselors Help Plan Our Future

The counselors at Stonewall spend a lot of time before, during, and after school trying to assist the students in anyway they can. If a student has a problem, the counselors are there to help them individually. They reach out to each student personally, rather than as a group. This makes each student feel special.

The Senior Counselor, Bertha Cline, assists the Seniors with final preparation for graduation. She also helps with college admissions, vocational and career choices. The time she spends with the Seniors really helps them understand about the next years of school to come.

The Junior Counselor, Jim Scherr, assists each student in realizing his or her fullest potential as a unique individual. Personal development and fulfillment are his main concerns. He is really devoted to his job.

The Sophomore Counselor, Betty Riley, assists the students in trying to ease the transition from junior high to senior high and to help the students adjust to their new school environment. This helps the Sophomores in many ways and she is greatly appreciated.

Surrounded by controversy, Assistant Coach Cummings inspires Jeff Walker during the Dupont game.

During a time out, in the 19-6 loss to the Dupont Panthers, Coach Jarrett discuses strategy with Andra Williams.

Cutting the corner, Carl Straughter finds open field which resulted in a 20 yard gain.

Greg Higgins seems to have a skill for passing. Despite Higgins' effort, the Generals lost 19-6.

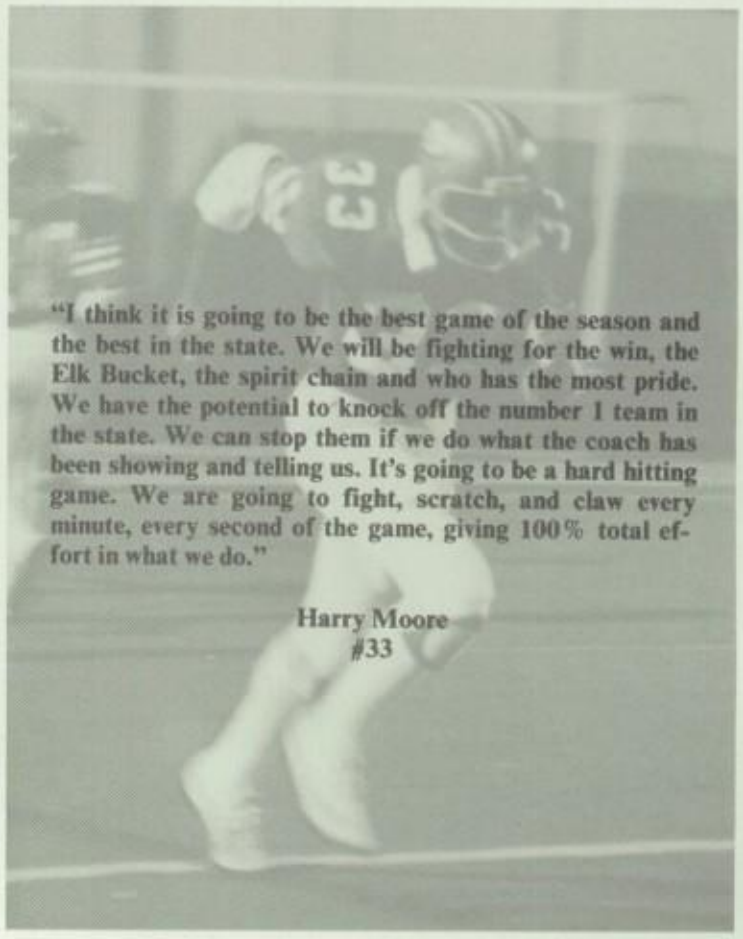
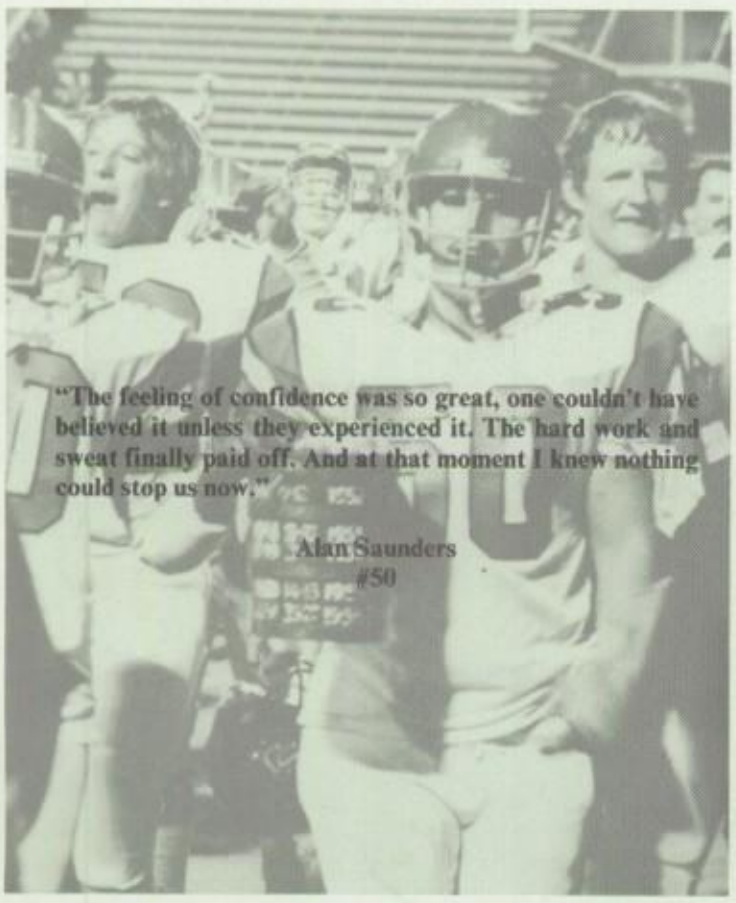
THE HIGH HIS A LOW



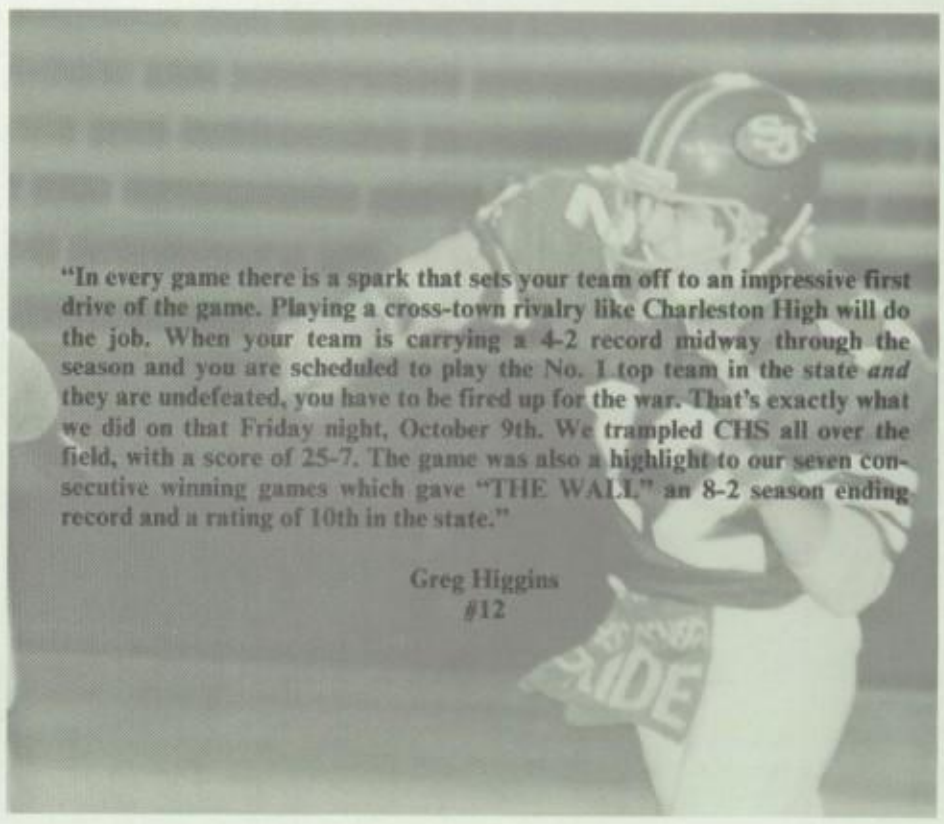
"I think it is going to be the best game of the season and the best in the state. We will be fighting for the win, the Elk Bucket, the spirit chain and who has the most pride. We have the potential to knock off the number 1 team in the state. We can stop them if we do what the coach has been showing and telling us. It's going to be a hard hitting game. We are going to fight, scratch, and claw every minute, every second of the game, giving 100% total effort in what we do."

Harry Moore
#33



"The feeling of confidence was so great, one couldn't have believed it unless they experienced it. The hard work and sweat finally paid off. And at that moment I knew nothing could stop us now."

Alan Saunders
#50



"In every game there is a spark that sets your team off to an impressive first drive of the game. Playing a cross-town rivalry like Charleston High will do the job. When your team is carrying a 4-2 record midway through the season and you are scheduled to play the No. 1 top team in the state *and* they are undefeated, you have to be fired up for the war. That's exactly what we did on that Friday night, October 9th. We trampled CHS all over the field, with a score of 25-7. The game was also a highlight to our seven consecutive winning games which gave "THE WALL" an 8-2 season ending record and a rating of 10th in the state."

Total: Won-8, Lost-2

The Generals power and ability together with an excellent coaching Staff have brought them a 8-2 victory and the pride of the 'West Side Warriors.'

Gens Compile Outstanding Record

The 1981-82 Football season started off on a bad note as the Generals lost to the Parkersburg Big Reds 27-13, but that wasn't enough to make the Wall fall, as they bounced back the very next week with an exciting 8-6 victory over arch rivals G.W. in the annual Regatta Bowl.

The Generals went on to post an outstanding 8-2 record, one of their finest seasons in the past five years.

The most important victory of the season came when the mighty Wall kissed the High good-bye with a 25-7 romp over the state's number 1 team.

Head coach Bill Jarrett captured his 100th victory with a 20-8 win over the St. Albans Red Dragons. His final record at the end of the season stands at 105 wins.

Of course the 1981-82 season wouldn't have been so great without the dedication and hard work of the team members. Team members have put in many hard hours of practice during school and after. And all the encouragement from the coaching staff and all the hard practicing really paid off. As the saying goes, "Practice makes perfect!"

The Generals have played this season with pride and dignity and have really shown how the West Side stands together. With the help of the hard working coaching staff, the Generals have made the 1981-82 football season a big success.

Bringing extra honor to the Generals were those who made All KVS 1st team. Greg Higgins — Quarterback, Terence Clements — Split end, Danny Lyles — Defensive back. Also Greg Higgins was picked for Quarterback for All Southern.

GENERALS RECORD IMPROVING

If enthusiasm and desire are any indication, the fortunes of Stonewall Jackson girls basketball team are indeed looking up.

These girls have worked very hard in preseason practice and have shown that they have the desire to win. It takes a lot of hard work to develop into a good team and this squad has shown it is willing to do what it takes to win.

The girls team is a young team this season, featuring four sophomores, two juniors, and two seniors. And the newcomers know how to win.

The future of Stonewall's girls team remains bright. Stonewall is only losing two players this year. The team will be returning with six experienced players next season. Darlene Quesenberry completed her season leading the team with 98 rebounds.

Leading the General girls of returning players will be forward Amber Slater. The junior had a fabulous debut this year leading the team in scoring with a 15.5 average. And right behind her the sophomore sensation Tina Desper with a 13.5 average. Other returning members will be Theresa Edwards, Tammy Pearson, Cheri Jones, and Tina Mitchell.

Balanced Team Effort Sparks Generals to Victory

Deriving from an over-all, well-balanced team were many outstanding individual players. These individuals helped contribute to one of the best teams in the General's history. But their success this year is attributed to their ability to work together.

Clarence Easley was a valuable man under the boards this year for the Generals. He was the team's leading rebounder. Kevin Burdette, another one of our most outstanding players and team captain, received a trophy for the most valuable player in the December 28th, 29th Capitol City Classics. With the help of Forward, Terrence Clements, and Point Guard, Tom Desper, we won the tournament.

This year's team consisted of five seniors, five juniors, and one sophomore. Through the help of an outstanding coaching staff, we become No. 1 in the state after the Logan High game in January. One of our most intensively played games was with South Charleston. The game was touch and go for the first half and in the third quarter the Generals were leading. The game was decided with one second to go; and unfortunately, the score was SJ 63 and South Charleston 64.

Luckily the Generals are now on the road to success and great victories. The Generals almost doubled the score against the Hoover Huskies by beating them 93-49. The season has been one of great victories for the players, both as team members and as individuals.

On March 27, 1982, the Generals won the AAA State Basketball Championship Title by beating South Charleston 62-61. A Burdette to Easley play in the last 5 seconds won the game. Kevin Burdette and Harry Moore were elected as All Tournament players. Victories over East Bank, Charleston, Herbert Hoover, Bridgeport, Logan, and South Charleston gave the West Side Warriors its first State AAA crown.

GIRL'S TRACK

Abundant stamina is a characteristic of Stonewall's Girl's Track Team. The girls put in many hours of practice after school to achieve the speed and perfection needed for powerful competition.

State and county contests provided them with an opportunity to demonstrate their sprinting ability and endurance.

To be a track runner, one must be in top physical condition and meet the requirements of the Activities Commission. It takes determination and will-power to become a track runner, but the sense of accomplishment from hard work is rewarding.

This community school newsletter is issued the last week of each month. Not only is it sent to students of Stonewall, but also to members of the Kanawha County Board of Education, community school personnel, local businesses, and other persons requesting them. LIBRARY CLUB

The Library Club came into being in 1948-49, under the direction of Miss Rose, our Librarian.

The Club membership consists of those students who are willing to give of their time, and work in the library as student assistants. The duties of an assistant are: to aid students and faculty in locating materials; to check out, card, and return books to shelves so they are accessible; to assist the librarian with the processing of new books and other library materials — getting them ready for your use at the earliest possible time. This year the assistants also work in the Audio Visual Center dispensing materials; setting up materials in the center for student use; and working with the video-tape machine in running the programs seen in the classrooms.

The club meets once each month — with "called" meetings when considered necessary by the president and sponsor.

Membership in the Stonewall Club affords the opportunity of membership in the State Association.

Social activities include: a Christmas Dinner for the members; a Valentine Reception for the Stonewall Staff; and a picnic or dinner for seniors at time of graduation.

Awards are given at the end of the Senior year; these are determined by the hours of service given to the library.

The Student Council has a highly active role. Its purpose is not to govern the students, but to serve as a meeting place between the student body and the administration, where the students can assume as much of the responsibility of organizing their high school activities as they are able to handle. It is the place where problems or questions arising from either the students or the administration can be presented for discussion and consideration.

To Heartthrobs,

You have been such a blessing to me, I can't even begin to express my gratitude. whenever I feel down in the dumps, your cheerful little self makes me feel a lot better. Well, I don't want to make this too serious. Get in de car and take me to a drive-in movie. Did yow know Mary had a little lamb? Sure, I thought yow did. Sometimes, yow are so silly that I crack up just looking at yow. Gosh, I'm running out of room. I hope yow and Paul get married then yow can have a meaningful affair with "Ho-Ho" and give me the little red-headed kid. Reeeeel me Just kidding. Don't die it's Jeanmie. Sorry Jeanmie. I'm sure yow are not a mumbo-jumbo! Don't die Jeanmie. I'm sure yow are not a mumbo-jumbo! Sorry

Jeannie,

Pk your face up off the floor!! Boy we sure do make some good stuff don't we?

Where can I begin to tell you how much you + your friendship means to me? I really appreciate the way you're always there for me + I want you to know that you mean the world to me. I think God has planned all this out so that we'll always have each other.

Boy, have we been a lot together! all the good times when we were so happy and the bad times when we were really down but we always helped each other. By having you + "the family" I couldn't be sad for long!

I'm so happy that you are so happy! I hope everything works out with you + your man. And I hope all the problems get worked out.

Don't forget that I'll be your friend forever + ever!

Love ya,
Karen

P.S. Hooooo!

It's Time . . .

It's time to say goodbye now.

Although

when we say hello again

the friendship won't be

the same.

When you remember the times and

the laughter,

Don't forget the names,

because time has a

way of erasing

memories.

You know, I'm gonna miss all of you;

because you were the good times

and you

made me laugh.

You made me forget my

tears and doubts.

You scorned at my fears.

Well,

at least time heals

and we'll be in the

past.

But the good memories last.

If

only

you

remember . . .

special about you. When God sent you

care what happens in our lives but I
will always be your true friend. Our friendship
was made in Heaven & is very special and I
